To Whom It May Concern:

Lynn Novitsky of LAN Communications contacted us and offered to do a free audit of our phone system and billing. She was able to come up with a recommendation that saves us over 30% on our monthly bill. We did have to make a small investment to switch over some equipment. However, the cost of the project and Lynn's services were offset in 4 months by the savings benefit. She is knowledgeable and easy to work with. I would recommend her services to anyone that wants to save money on their phone service.
