

Regarding: the services of Lynn Novitsky, LAN Communications, Inc.

The Maui Schooner Resort is one of the Trading Places properties that have taken advantage of Lynn's free audit and subsequent services to reduce monthly phone bills.

Lynn was able to save us 30%, using our current vendors. She also found over \$700.00 in credit for overbilling by a vendor. She organized everything for us and presented the savings in simple to understand documents. It has been over a year since Lynn came to us, we continue to enjoy the savings today.

We are thankful we took advantage of her free audit and hired her to do the work required for the savings and credits. We have corporate support that looks at and pays our bills, but not to the detail that Lynn does. Our in house staff would not have had the time or the expertise to try and do this. Lynn has been successful in saving money at every Trading Places property she has audited.

The Maui Schooner recommends that any company, who wishes to save money on their phone bills, invites Lynn in to take a look.

A handwritten signature in black ink that reads "Nancy Geist". The signature is written in a cursive, flowing style.

Nancy Geist
